The Club and we on the Board, have been prevented from doing what we do at this time of year, which is form a Board for the coming year and holding elections. We're just beginning to enjoy the activities that keep us healthy and fit, primarily biking and kayaking. We'll be meeting to plan ski trips for next ski season, hoping that resorts are able to open and travel is safe. I

look forward to resuming our weekly midweek ski outings when we get snow. If you're not on my midweek skiing list, let me know you're interested by sending your email address and mobile number to me at gss12@optonline.net.

Have a safe and enjoyable summer. I look forward with fingers crossed, hoping to resume our meetings this September.

Biking, by Neal Pisanti: Biking got off to a late start this year thanks to Covid19. On top of that, the weather has been extremely uncooperative and unstable with many last minute forecast changes. Two weeks in a row I had to cancel a winery ride due to the forecast; and two weeks in a row the weather turned out to be OK contrary to the forecast. In spite of this, we got to ride from Cedar Creek Park to Tobay twice, the Bethpage Park trail, and a ride from East Rockaway to Atlantic Beach and Long Beach. Most participants brought a box lunch and a lawn chair and we had a relaxing, socially distant lunch under the trees. All in all, not a bad month riding under the conditions created by the Corona virus. Hoping to ride from Pugliese Vineyard July 8th, and get in some additional Suffolk County rides in July.

Don't Forget,

Gary's going to update our emergency contact list. If you have not done so already, please email him (gss12@optonline.net) with the name of your contact, your relationship, and a phone number for that contact.
