NEXT MEETING

To be announced

SYOSSET – WOODBURY COMMUNITY CENTER

On entering park, turn right at stop sign and follow the road to the end.

We will not be meeting in May because of State mandates about group sizes and social distancing. I look forward to this stuff being behind us for our biking this summer, and skiing next season. Above all, enjoy the summer in good health, both you and your families. We should be able to resume our meetings in September.

Gary

It is with sadness that we report the recent passing of one of the original founders of our club, June Keiser.

Any of our long time members will remember June, our second president. She always accompanied her husband Roy, who was our first president, on all of our western trips even though she did not ski – but she still managed to go shopping. In her early years, June was an accomplished scuba diver and became the first woman in the United States to become a certified diving instructor.

Her wit and wisdom leading our group through the early years was invaluable to our success.

Gary's going to update our emergency contact list. Please email him (gss12@optonline.net) the name of your contact, your relationship, and a phone number for that contact.
